VERSION WITH MARKINGS SHOWING CHANGES MADESPECIFICATION:

After the title and before the first paragraph:

THIS APPLICATION IS A U.S. NATIONAL PHASE APPLICATION OF
PCT INTERNATIONAL APPLICATION PCT/JP01/04820.

CLAIMS:

1 2. (As Amended) The multi-frequency antenna duplexer of claim 1, wherein
2 in each of the receiver SAW filters, a phase shift substrate for rotating a phase of a
3 transmission band of said multi-frequency antenna duplexer the each of said
4 plurality of antenna duplexers including said each of the receiver SAW filters is
5 incorporated between the first piezoelectric substrate and the second piezoelectric
6 substrate in the package.

1 9. (As Amended) The multi-frequency antenna duplexer of claim 8, wherein in
2 each of the receiver SAW filters, a phase shift substrate for rotating a phase of a
3 transmission band of said multi-frequency antenna duplexer the each of said two
4 antenna duplexers including said each of the receiver SAW filter is incorporated
5 between the first piezoelectric substrate and the second piezoelectric substrate in
6 the package.
